
REPRESENTATION FORM

NORTH EAST DERBYSHIRE LOCAL PLAN PUBLICATION DRAFT

General Information

This stage of the consultation is focussed on whether the Publication Draft version of the Local Plan is legally compliant and sound, rather than the wider ranging questions that we have asked in previous consultations on the Local Plan.

- The deadline for representations is 5pm on Wednesday 4 April 2018. Late representations will not be accepted.
- Be clear about which policy, paragraph or Map of the Local Plan you are responding to.
- Be clear whether you are supporting or objecting to the Local plan. If you think the Local plan is not **legal** or **sound**, be clear why. Please refer to the Guidance Note for more details.
- Try to support your representation(s) with evidence.
- Be clear about any changes you want to see.
- Briefly and precisely cover all information and evidence to support or justify your representation(s). Once the consultation closes there is unlikely to be a further opportunity to provide further information or evidence.
- The Council has also published supporting documents to accompany the Publication Draft Local Plan. They are the Sustainability Appraisal, Policies Map and Consultation Statement and are available to view on the Council's website, and at deposit venues (the Council Offices on Mill Lane and libraries throughout the District). A range of evidence base studies that underpin the policies within the Plan are also available to view on the Council's website.

Please enter your representation here. If your representation requires more than 100 words, please attach any additional sheets securely to this form and use the box below to summarise your representation.

- The allotments at Spinkhill should be within the settlement limits and removed from the Green Belt. This would allow for development of the land for housing and provide funding for improvement to the facilities at Mount St Mary's College.
- The area at Spinkhill identified as a Formal Sports Site Local Plan, includes the building complex at Mount St Mary's College which, now being within the settlement limits should be removed from the 1D9 designation and the Green Belt. It is clearly part of the settlement. .
